

WELCOME TO THE ACTIVATED WALLS EXHIBITION

Please be aware that this is a two phase exhibition.

The first, "Process" phase which runs from Tuesday April 13, through Saturday, April 24, will provide the participating artists with a two week period in which to undertake and complete their drawing/painting directly upon their designated wall. During this time the public is welcome to view the artists at work on their projects. We only ask that you confine your travels to the areas designated by the Yellow & Black Striped tape. Please do not venture outside of these areas since the artist's work and their equipment or materials may put you or your garments at risk of injury or damage.

The second, "Exhibition" phase will run from Thursday April 29 and will continue through Saturday, May 15. During this phase, all equipment/materials will be cleared away and there will be unobstructed viewing of the completed wall murals. On Saturday, May 15 there will be a public reception for the artists from 6:00 to 8:00 pm. You are invited to attend and meet the artists.

REMEMBER, YOU ARE WELCOME TO COME IN AND WATCH, BUT PLEASE BE CAREFUL AND STAY WITHIN THE YELLOW & BLACK TAPE!
